Users can sort hotels based on various criteria such as price, rating, distance from the city center, popularity.

Park Hyatt Hotel

2 Guests • 1 Bedroom • 1 Bath

\$945

Per Night

Park Hyatt Sydney perfectly personifies contemporary luxury with its coveted location between the Sydney Opera House and Harbour Bridge. Reminiscent of an exclusive harbourside residence, the 155-room hotel offers intimate surroundings with architecture, art and design that reflect the Australian landscape.

Profile Setting

The Profile Settings feature in the hotel booking app allows users to manage their personal information, update preferences such as language and currency, and set notification settings. The feature includes a booking history section for managing past and upcoming bookings, options to add and manage payment methods, integration with hotel loyalty programs to track and redeem points, and a favorites section for saving preferred hotels. Additionally, users can adjust privacy settings to control data sharing preferences and users can easily change the app language according to their preferences, supporting multiple languages for the convenience of international users.
